

Junior Cyclocross Training Program

The Parks & Recreation Department is once again teaming up with the Northampton Cycling Club (NCC) to sponsor the spring Junior Cyclocross Training Program.

What is Cyclocross?

Cyclocross is one of the country's fastest growing participation sports. It combines the skills and action of mountain biking with the speed and power of road cycling. Cyclocross is typically raced on a 1 to 2 mile loop consisting of grass, dirt trails, pavement, sand, mud, barriers, obstacles, tree roots and hills.

Cyclocross races are usually held in the fall and winter in cool and cold weather, rain, snow, ice or sunshine. Anyone who can ride a bike can probably do Cyclocross!

Junior Cyclocross Training Program—information continued

Who can participate?

This activity is open to anyone in grades 2 through 8 who have a bike and like to ride it. Depending upon registration numbers, we will likely split this group into smaller groups depending upon ability so that each group will get ability-specific training.

What do you get?

You will receive a team shirt (included with your registration fee). In addition to the cycling skills you will learn, expect to make new friends, get in really good shape, have a ton of fun and perhaps get so stoked about cyclocross that you might want to race this fall as part of the NCC Junior Cyclocross Team!

Who will be running the program?

The training program will be run by longtime NCC members and racers who have raced in hundreds of cyclocross races in New England in the last few years. In addition, we are lucky that a handful of professional cyclocross racers live locally and may stop by on occasion to help out and offer advice.

Inclement Weather

If the weather is questionable then please contact the Parks & Recreation Department's cancellation hotline at (413)587-1044 or check our website at www.northamptonma.gov/recreation & click on cancellations/changes information.
